Onsite Features

CPhI Japan Conference

With the market opening up to foreign players, the programme features a blend of content tackling legal, commercial and technical topics & offers in-depth insights into the current state & the future of the Japanese pharma industry. Over 10,000 pharma professionals attended these sessions this year.

Sessions included:

- Current issues of pharmaceutical industry and its future direction
- API International Procurement Forum 2019
- Immuno-Oncology Primer: current state of play and future trends and directions
- Trends in Cell and Gene Therapy
- Continuous manufacturing strategy and case studies of integration from upstream to downstream processing
- Next Generation Manufacturing of Biopharmaceutical
- Spanish companies' challenges in the life science industries
- Therapeutic Potential of Mesenchymal Stem Cells in Alzheimer's Disease

Exhibitor Showcases

The Exhibitor Showcases are an ideal commercial platform for pharma professionals to educate the industry about their newest products, developments and innovations, and to showcase their company with a 45-minute presentation. These sessions are free to attend for all attendees!

Business Matchmaking System

Attendees had FREE access to the official 'Business Matchmaking Programme'. This is a powerful, effective and intuitive online matchmaking tool which allowed visitors to search for and arrange meetings with exhibitors prior to the show.
