

Pharma Connect Congress

25–26 November 2025

RH.N32 (RHBHall), IEML,
Greater Noida

Redefining the Future of Pharma:

Pharma Manufacturing Conclave

Pharma Sustainability Conclave

Pharma Manufacturing Conclave

25 November 2025 | IEML, Greater Noida

India, considered as a pharmacy of the world, is the largest provider of generic drugs globally. It ranks 3rd in terms of pharmaceutical production by volume and 14th by value. India's pharma and biopharma sector is experiencing explosive growth, projected to reach a staggering \$130 billion by 2030. This surge is fueled by a large, demanding domestic market, a robust manufacturing base churning out generics, and India's position as a global vaccine powerhouse, supplying over 60% of the world's needs. The biosimilar market is another area of strength, currently valued at \$349 million and expected to skyrocket to \$2.1 billion by 2030, potentially making India a leader in this biosimilar revolution. With government support and rising healthcare expenditure further propelling the sector, India is poised to become a dominant force in the global pharmaceutical landscape. The Pharma Manufacturing India Conclave 2025 is curated to address critical discussions on the theme India as Global Leader in the pharma space with focus on manufacturing. Decision-makers from manufacturers, academics, industry associations, contract manufacturing organisations and other key stakeholders gather under one roof to brainstorm on navigating the challenges and discuss the road ahead. The program will discuss smart manufacturing for all, innovation required in pharma R&D, how to go up in the innovation curve, attracting the required skill set, and much more.

Pharma Sustainability Conclave

26 November 2025 | IEML, Greater Noida

India's life sciences and pharmaceutical industry is experiencing a remarkable growth spurt. India's prowess in generic drug manufacturing has earned it the global moniker of "pharmacy of the world," with a commanding 20% share of the global generic drug supply by volume, highlighting its vital role in providing accessible medications. According to Economic Survey 2022-23, India is ranked 3rd worldwide in the production of pharma products by volume and 14th by value. India is slowly progressing in the biopharma manufacturing space also. There are 98 approved biosimilars in India, with at least 50 on the market, the most of any country in the world. Indian companies are taking multiple steps to strengthen their core competencies in the field of R&D, manufacturing, quality system, etc., comply with stringent regulatory requirements and build the sales capabilities to tap into the huge market potential. However, this impressive growth comes with a responsibility to operate sustainably and minimise environmental footprint. We have already made a start and almost 38 per cent of the pharma sector companies have been publishing dedicated sustainability reports since 2020. Indian Companies have secured their place in global indices like S&P Global Index and are a part of GLN, My Green Lab to mention some. The Pharma Sustainability Conclave 2025 is the only forum that looks at exploring the key sustainability challenges faced by the pharma and biopharma industry, analyze effective strategies for reducing its environmental footprint, and unveiling the exciting opportunities that lie ahead for a greener future of Indian pharmaceuticals.

Quality Assurance & Compliance

Keynote Speaker

Dr. Chandrashekhar Ranga
Joint Drugs Controller (India) – CDSCO
Government of India

Speakers

Chakravarthi AVPS
Chairman
FOPE (TG & AP)

Rajinder Suri
CEO
DCVMN
International,
Switzerland

Prof. (Dr.) Tanweer Alam
Additional Director & RO
Indian Institute of
Packaging, Delhi,
Incharge-IIP Lucknow

Dr. Jitendra Kumar
Managing Director - BIRAC-
Department of
Biotechnology
Government of
India

Dr. Mandar Ghatnekar
Global Head/IT &
Digital Transformation
Biocon Biologics

Dr. Parthasarathy Sampathkumar
Head- BioconGroup
Centre of Excellence
Biocon Group

Dr. Umesh Kale
Chief Quality Officer
Strides

Sandeep Raktate
President - India and
Ireland Operations
Amneal
Pharmaceutical

Duncan Flack
Global Sustainability
Lead
Solstice Advanced
Materials

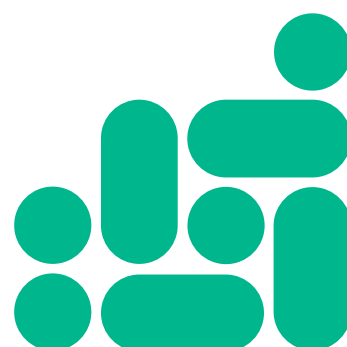

Shirish Arya
Co-Founder & Director-
Corporate Strategy
& Business Development
ImmunoACT

Tarun Kapoor
Senior Vice President -
IT (CIO)
Akums Pharma Group

Dr. Jitendra Kumar Jain
VP- Quality
Amneal
Pharmaceuticals

Speakers

Dr. Sridevi Khambhampaty
Chief Executive Officer
Shilpa Biologicals Pvt. Ltd.

Dr. Sangeeta Sharma
Professor & Head
Dept. of Neuropsychopharmacology
IHBAS, Delhi
DSPRUD

Bharadwaj Magnu
Business Head,
Rare Diseases
Laurus Labs

Prasanna Shirol
Co-founder &
Executive Director
Organization for Rare Diseases India

AV Jayakumar
President- Quality
Ajanta Pharma Ltd

PV Raju
Senior Vice President-
Supply Chain
Biological E Limited

Dr. Rita Sarin
Advisor & Subject
Matter Expert-

Pharma Connect Congress

25th & 26th November 2025, RH.N32 (RHB Hall)-India Expo Centre,
Delhi NCR, India

Day 1- 25th November 2025, Tuesday

08:00 – 10:00	Registration & Networking 
10:00 – 11:15	Welcome Address & Inauguration
11:15 – 11:35	Keynote Address: Harmonising Global Regulatory for Sustainable Healthcare Dr. Chandrashekhar Ranga , Joint Drugs Controller (India) - CDSCO, Government of India
11:35 – 12:25	Leadership Panel: Reimagining Innovation and Manufacturing to Enable Transformative & Affordable Medicines  • Revamping your portfolio towards transformative medicines • Innovation and focus on R&D to stay ahead • Rethinking manufacturing with focus on affordability to widen the scope of commercialisation • AI & Digital to help with process development and manufacturing • Including Sustainability in your manufacturing Moderated By: Shirish Arya , Co-Founder & Director- Corporate Strategy & Business Development, ImmunoACT Esteemed Panelists: Rajinder Suri , CEO, DCVMN International, Switzerland Dr. Jitendra Kumar , Managing Director- BIRAC, Department of Biotechnology, Government of India Dr. Sridevi Khambhampaty , Chief Executive Officer, Shilpa Biologicals Pvt Ltd Sandeep Raktate , President – India and Ireland Operations , Amneal Pharmaceuticals
12:25- 12:45	Supply of Medicinal Products from India into the EU Market, Including Regulatory, Quality, and Logistics requirements • Regulatory & Licensing • GMP & Manufacturing Approval and Qualified Person (QP) Certification • Import Logistics & GDP • Customs & Trade Compliance & Documentation • Pharmacovigilance • Risk & Contingency Planning Irene Frisby , Founder and Managing Director, Frisby Quality Services (FQS)

Pharma Connect Congress

25th & 26th November 2025, RH.N32 (RHB Hall)-India Expo Centre,
Delhi NCR, India

12:45- 13:30	The Digital Transformation Panel: Think Next- Adopting Technology End-to-End- From Bench to Bedside  • Understanding and mapping the advantages of Industry 4.0 technologies and creating a business case • Imbibing technology in vendor management & supply chain • Integrating technology into current processes • Understanding compliance with evolving global standards Moderated By: Venkatanarayan V, Vice-President & Digital Transformation Leader, Dr.Reddy's Laboratories Esteemed Panelists: Tarun Kapoor, Senior Vice President – IT (CIO), Akums Pharma Group Dr.Mandar Ghatnekar, Global Head I/T & Digital Transformation, Biocon Biologics Narendra Saini, Chief Digital & Data Officer, Lupin Jigyasa Kishore, Vice President – National Enterprise Sales & Solutions, Moglix
13:30- 14:30	Lunch & Networking Break 
14:30 – 15:15	Panel Discussion: Orphan Drug Manufacturing in India – Opportunities, Challenges & the Road Ahead  • Setting the context: Rare diseases in India • Unlocking potential: Indigenous development of out-of-patent drugs • Aligning with global frameworks • Industry voices: Success stories & lessons learned • The reality check: Opportunities vs. challenges • Open dialogue & way forward Moderated By: Prasanna Shirol, Co-founder & Executive Director, Organization for Rare Diseases India Esteemed Panelists: Dr. Rita Sarin , Advisor & Subject Matter Expert– Intellectual Property, Pharmaceutical Industry Dr. Sangeeta Sharma , Professor & Head Dept. of Neuropsychopharmacology IHBAS, Delhi President, DSPRUD Bharadwaj Magnu , Business Head, Rare Diseases – Laurus Labs

Pharma Connect Congress

25th & 26th November 2025, RH.N32 (RHB Hall)-India Expo Centre,
Delhi NCR, India

15:15- 15:45	Innovating for a Better Life • Innovation-driven healthcare solutions • Global manufacturing excellence • Partner of choice for the pharma & biotech industry Ravikumar Ummadisingu , Managing Director , Gerresheimer Triveni Polymers Pvt. Ltd. (PPP India)
15:45– 16:25	Panel: Beyond GMP Compliance- Practices to Enhance Patient Centricity  • Embracing a Quality by Design approach with proactive control strategy and risk management • Meeting regulatory requirements and be inspection ready always • Digitalization to help quality control and assurance • Quality management maturity to drive continuous improvement Moderated By: Dr. Parthasarathy Sampathkumar, Head - Biocon Group Centre of Excellence, Biocon Group Esteemed Panelists: Dr. Umesh Kale, Chief Quality Officer, Strides Dr. Jitendra Kumar Jain, VP- Quality, Amneal Pharmaceuticals Manoj Chitnis, Vice- President -Corporate Quality Head, JB Chemicals & Pharmaceuticals Laura Castanheira , Director of Regulatory Affairs, Cedro Participacoes
16:25- 16:55	Revision of Annex 1 for Effective Risk Management & Contamination Control of Sterile Products • Revamping Contamination Control Strategy across the facility • Requalification of cleanrooms • Equipment design, installation and cleaning requirements • Non-Conformity & CAPA management AV Jayakumar, President- Quality, Ajanta Pharma Ltd.
16:40	Networking Break & End of Conference Day 1 

Pharma Connect Congress

25th & 26th November 2025, RH.N32 (RHB Hall)-India Expo Centre,
Delhi NCR, India

Day 2- 26th November 2025, Wednesday

08:00–10:00	Registration & Networking 
10:00–11:00	Welcome Address & Inauguration
11:00 – 11:45	Leadership Panel Discussion: Charting the Roadmap to Meet the Sustainability Goals  • Listing the ESG goals & moving towards “Net-Zero” • Lifecycle Assessment as a tool to identify and focus on high impact activities • Supplier Collaboration for sustainable practices throughout the value Chain • Measuring customer value vs cost of going green • Using technology to reduce carbon footprint Moderated by: Chakravarthi AVPS, Chairman, FOPE (TG & AP) Esteemed Panelists: Dr. Parthasarathy Sampathkumar, Head - Biocon Group Centre of Excellence, Biocon Group Prof. (Dr.) Tanweer Alam, Additional Director & RO, Indian Institute of Packaging, Delhi and Incharge-IIP Lucknow Anirban Mukherjee, Partner Advisory Services, Ernst & Young Dr. Kishor Mogulluru, Associate Director- Global External Affairs, US Pharmacopeia
11:45- 12:15	Green Chemistry in Pharma Industry • Sustainable Process Design and Waste Minimization • Use of Renewable and Safer Materials • Energy Efficiency and Innovation through Green Technologies Amarnath Paluru, Senior Director – EHS & Sustainability, Biocon Limited
12:15- 12:45	De-Risking Autoinjector Integration with Pre-Fillable Syringes • Autoinjector-syringe compatibility critical to combination product success. • The Owen Mumford-Stevanato Group partnership demonstrates how integrated development mitigates compatibility challenges by design • Rigorous testing of syringe attributes and integrated design like break loose and glide forces and integrated design ensure optimal combination product performance.

Pharma Connect Congress

25th & 26th November 2025, RH.N32 (RHB Hall)-India Expo Centre,
Delhi NCR, India

	Aidaptus® autoinjector and Alba® & Nexa® syringes- the advanced flexible platforms for subcutaneous delivery of high-value injectables. Hari Rachamala, TAM Manager- APAC, Stevanato Group Siva Prasad Reddy, Product Manager, Owen Mumford, United Kingdom
12:45- 13:15	Delivering Sustainable Solutions for Hard to Recycle Packaging Formats - Showcase sustainable solutions for hard-to-recycle pharmaceutical packaging formats, emphasizing convenience, safety, waste reduction, and sustainable benefits - Address key challenges in sustainable practice adoption including regulatory challenges, market demands, and carbon footprint disclosure requirements - Highlight Honeywell's sustainability initiatives focusing on emissions reduction, strategic partnerships, and plant process enhancements Duncan Flack, Global Sustainability Lead, Solstice Advanced Materials
13:15- 14:15	Lunch & Networking Break 
14:15 – 14:45	Towards Scope 3: Engaging Suppliers towards Decarbonisation Journey in Lifesciences - Promoting sustainability across the entire value chain - Clearly define & communicate the decarbonisation goals and expectations for suppliers. Driving towards Scope 3 emission strategies PV Raju, Senior Vice President- Supply Chain, Biological E
14:45- 15:05	Unite, Share, Transform: The CPHI Sustainability Collective in Action - The CPHI Sustainability Collective- a central hub for the pharma industry's change-makers - Connected communities - bringing together diverse voices from across the pharmaceutical ecosystem - Shared intelligence - facilitating knowledge exchange that drives real-world solutions - Aligned action - coordinating initiatives to maximize impact and eliminate duplication. Agnès Maignien , Content Director- Pharma, Informa Markets
15:05- 15:35	Change Control Strategies for Implementing Sustainable Manufacturing Practices

Pharma Connect Congress

25th & 26th November 2025, RH.N32 (RHB Hall)-India Expo Centre,
Delhi NCR, India

	Pavankumar R Gudi, Manager- Viral Vaccines, Serum Institute of India
15:35- 16:20	Packaging Leaders Panel: Incorporating Green Design in Pharma Packaging & Logistics to Reduce Carbon Footprint  • Exploring & adopting sustainable pharma packaging – materials & design – throughout the product life cycle • Exploring Circular economy in pharma packaging • Intelligent Packaging to track & trace • Adopting efficient & effective cold chain packaging and logistics to help sustainability in advanced therapies • Ensuring compliance & patient safety • Cost- benefit analysis Moderated By: Krutarth Mankad, Head – Supply Chain Management, Otsuka Pharmaceutical India Pvt. Ltd Esteemed Panelists: Duncan Flack, Global Sustainability Lead, Solstice Advanced Materials Bhupesh Mittal, Technical Packaging Program Lead – APAC, Bayer Consumer Healthcare Deval Gupta, Lead- Drug Delivery Devices, Dr. Reddy's Laboratories Ltd.
16:20	Networking Break & End of Conference 

Workshop by Amano Enzyme Inc

Enzyme-Driven Innovation: Sustainable Manufacturing of Pharma API and Intermediates

Date: 25th November 2025

Time: 12:30 to 5:00 pm

Venue: 2nd Floor, IEML, Greater Noida

KEY SPEAKERS FOR THE EVENT

Dr. Yasuhisa Asano
Sole Proprietor
Biotech Consulting
Aenzam

Dr. T. Kumaraguru
Senior Scientist in the Department
of Organic Synthesis &
Process Chemistry
**CSIR-Indian Institute of
Chemical Technology, Hyderabad**

Yusuke Tanaka
General Manager,
sales and marketing
Amano Enzyme Asia Pacific

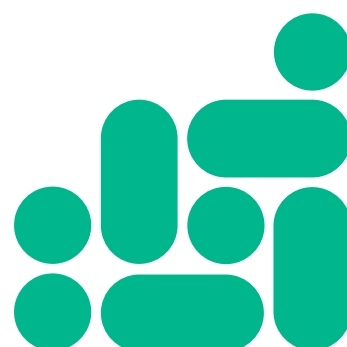

Dr. Nobuyuki Urano
Team Leader,
Innovation center
Amano Enzyme Inc

AGENDA

12:30 – 14:00	14:00-	Registration & Networking Lunch	
14:05	14:05 - 14:10	1. Opening by Amano Enzyme	
14:10	14:55	2. Workshop Rundown	
14:55-15:10(Q&A)		Greeting	Dr. Shotaro Yamaguchi , R&D Director, Amano Enzyme
15:15 - 16:00		Development of Hydroxynitrile lyase for Pharmaceutical Synthesis	Prof. Dr. Yasuhisa Asano, Sole Proprietor, Aenzam
16:00-16:15(Q&A)		Biocatalysis for Sustainable API Intermediate Development: Innovations and Opportunities	Dr. T.Kumaraguru, Senior Scientist - Department of Organic Synthesis & Process Chemistry ,CSIR-Indian Institute of Chemical Technology
16:20 - 16:50		Amano's Biotransformation Enzymes for Green chemistry	Dr. Nobuyuki Urano and Mr. Yusuke Tanaka , Amano Enzyme
16:50		Closing Remarks	Amano Enzyme

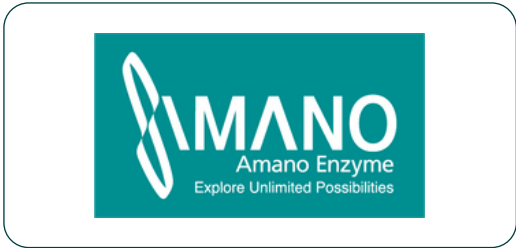

About the Workshop This workshop will provide cutting edge solution that lead to eco-friendly production of fine chemicals with lower costs. Many innovative successful cases have been reported in which enzymes are used in the manufacturing of intermediates for pharmaceuticals, agrochemicals, and related products. These applications can be helped for reducing wastes and reducing production costs.

About Amano Enzyme: Amano Enzyme is a Japanese enzyme manufacturer with a history of over 120 years, can offer a wide range of products, including lipases, esterases, ketoreductases, and more, all suitable for biotransformation. Committed to sustainability and innovation, it provides advanced Japanese technologies that tailored to not only biotransformation and pharmaceutical, but also F&B industrial markets. All of the enzyme solutions are designed to help manufacturers create healthier, more sustainable, and higher-quality products.
